

Efe Berke Vatansever

Istanbul, Türkiye | +90 535 741 72 45 | efeberkev@gmail.com
github.com/EfeBerke | efeberkev.itch.io

PROFILE

Industrial Engineering and Computer Engineering student passionate about Data Science, Python programming, and business development. Experienced in analyzing complex problems and creating efficient data-driven solutions with a strong technical foundation.

EDUCATION

Bogazici University

Istanbul, Türkiye

Double Major: B.S. in Industrial Engineering & B.S. in Computer Engineering

2025 – Present

- **GPA: 3.93/4.0**
- Focus on system optimization, decision-making, finance, and software architecture.
- Transferred from Mechanical Engineering (2022–2025); developed strong CAD and technical foundations through rigorous coursework.

EXPERIENCE

Bogazici University

Feb 2025 – May 2025

Undergraduate Assistant

Istanbul, Türkiye

- Supported course delivery by assisting students with Python programming concepts during lab sessions and assessments.
- Facilitated technical troubleshooting and clarified complex algorithmic logic for peers.

Baykus Coaching

2023 – 2024

University Entrance Exam Coach

Remote

- Provided personalized coaching to four candidates, focusing on study strategies and subject mastery.
- Improved student performance through targeted time management and exam-taking techniques.

PROJECTS

Machine Learning Practice & Mini Projects | Python, NumPy, Matplotlib 2025 – Ongoing

- Implementing fundamental Machine Learning algorithms from scratch to deepen understanding of optimization and learning dynamics.
- Visualizing mathematical models to interpret data patterns and model performance.
- Repository: github.com/EfeBerke/machine-Learning-Projects

Time Knight 2020 | Game Development, Unity, Aseprite

2020 – 2021

- Independently developed a mobile game, managing the full lifecycle from C# coding to pixel art design.
- Implemented game mechanics and UI/UX elements using the Unity engine.
- Website: efeberke.itch.io

SKILLS

Programming: Python (NumPy, Matplotlib), C#, OOP Principles

Software: Unity, SolidWorks, Git/GitHub, Aseprite

Languages: Turkish (Native), English (Fluent)
